Dear Brethren,

Area Temporal Preparedness Programme - Leadership Instruction

We are frequently exposed to natural disasters, economic uncertainty, health and family emergencies and other events we all need to be prepared for. As members of The Church of Jesus Christ of Latter-day Saints we are commanded to 'prepare every needful thing' (Doctrine and Covenants 88:119), in doing so we are promised the blessing of freedom from fear (Doctrine and Covenants 38:30). As we obey this commandment, we are better prepared to meet for our temporal needs. Now is the time to prepare.

To help us prepare, the Church has provided an inspired resource called Area Temporal Preparedness. This booklet has been compiled specifically for the use of members and leaders in the Pacific Area and it has four areas of focus:

1. Emergency Preparedness
2. Home Storage and Production
3. Financial Preparedness
4. Emotional Preparedness

Please review the contents of this booklet and counsel as stake/ward councils on the best way to promote and utilise this resource, and to help everyone in your care prepare themselves. Please note that section five of the booklet includes specific guideline references.
